

Flood Repairs & Restoration

Pacific Stone Fabrication is extending our continued support to our valued customers and new clients by offering *special pricing* and *priority assistance* for custom granite countertops and vanities.

We have protocol in place for professional removal and replacement of existing stone countertops, to be stored on site (granite can be stored outdoors safely), while damaged cabinets are replaced.

All calls will be returned within 24 hours – we are here to accommodate your needs during this stressful time to make things easier for you.

Clients with existing Pacific Stone jobs that are delayed due to flooding complications, please rest assured that any stone you have placed a deposit on, will be held until you are ready to proceed.

Serving Calgary for over 25 years.

Dependable. Reliable. Professional.
